

MylinTM

A little touch of genius

WALLS GET SMARTER AND BEAUTIFUL.

legrand®
LIVE THE ADVANTAGE

Today's lifestyle is constantly on the move. At Legrand, we meet the needs of this lifestyle with our technologically advanced products by investing 5% on R&D thereby making us the global specialist in electrical and digital building infrastructures.

We make things that are not just essential but even desirable. We pursue exacting engineering and fuel it with design thinking. We call this Designeering. It's not just a deep understanding of our markets, but delivering innovation and technology for uninterrupted living.

Such expertise helps us anticipate and fulfill the needs of our customers, making us the global leaders in wiring devices. Like the chic Mylinc, now made smarter with a host of features that help you live the advantage. Easy to install, convenient and with a range of new colours, Mylinc makes the walls of your home, establishment or office beautiful and smarter. Now, charge, surf, regulate, control and do a lot more with upgraded features.

Live the advantage

Remote Control Unit for Lights and Fan

RJ45 Socket with Shutter

25A Switch

Modular MCB

360° Rotation Fan Regulator

Skirting Light

USB Charger

Do Not Disturb & Make My Room Indicators

Motor Starter

USB Charger in 1000 mA and 2000 mA capacities – IS Certified and tested under our stringent quality process, plug your electric and wifi enabled gadgets. Enjoy uninterrupted.

360° Rotation Fan Regulator

360° rotation to enable operation of the knob from any angle. Free movement for maximum comfort and convenience.

Skirting Light in 2M

Highlight the special features in your home,
office, establishment with stylish skirting lights.

RJ45 Socket with Shutter

Ambient dust lodges itself inside
sockets, affecting performance.
Keep out what is not needed.

Remote Control Unit

Operate four lights and regulate one fan on infrared technology. Sometimes you just don't want to be interrupted from something important.

Do Not Disturb & Make My Room Indicator

Minimalism in design with maximism in functionality
is always in demand in hotels. We combine these
elegantly in our switches for increased space savings.

Motor Starter

Overload on heavy-duty appliances like air conditioners and geysers can cause damage. Give them the additional protection to keep them and you safe.

Modular MCB

Air conditioners and geysers are prone to heavy use and need enhanced protection. Our MCBs are tested under strict quality process to keep you and your assets safe.

Express with Colours

Choose from a rich, sophisticated colour palette.

Give the touch of taste and elegance to your smart walls.

Moulded to Perfection

The white classic design is renowned for safety, reliability, convenience and beauty. The same exacting standards are now also available in moulded matt grey.

Screwless finish and rounded corners that add beauty to any home

Laser marking safeguards against fakes

Linc-Loc™ intelligent design prevents wrong fitting, misaligned switches and sockets

Indicators for correct orientation

Safety features for mishap-proof use

Front removal

Stripping Template

Modular Plates

Assuming a switch is operated 10 times a day on average, these switches come with a guarantee of one lakh operations

Dependable for
One Lakh Operations
